

# NIAGARA DEIONIZER

Deionizer with Battery Powered Light	<b>BA-MS-340</b>
Niagara Replacement Cartridge	<b>BA-221</b>

### Disposable Cartridge

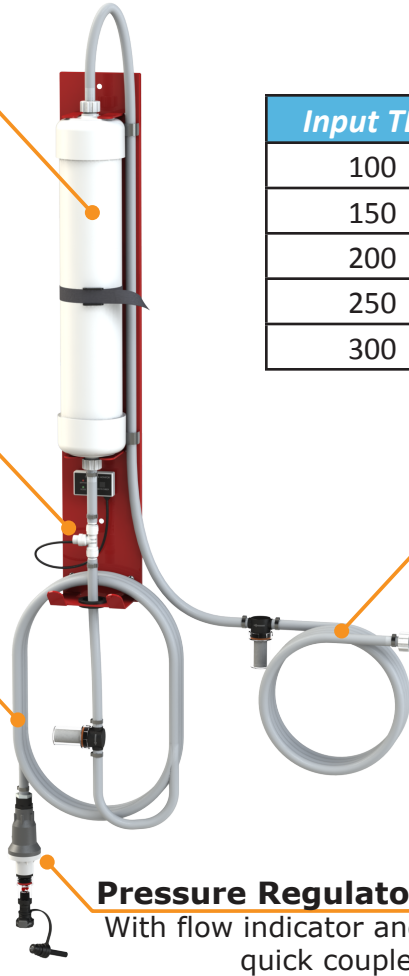

Removes 76,000 total dissolved solids (PPM) before needing replacement

### Battery Operated Water Quality Light

Green okay, red replace cartridge

### 20 Foot Supply Hose

With inline strainer

<i>Input TDS</i>	<i>Gal. Yield</i>
100	760
150	507
200	380
250	304
300	253

### 10 Foot Hose

Connects to spigot

### Pressure Regulator

With flow indicator and quick coupler

Maximizes battery life by removing ions and heavy metals that are present in tap water. The separate bed deionizer uses an ion exchange cartridge to filter the water before it enters the battery. Cartridge can be discarded when replacement is necessary. This is determined when output exceeds 50 TDS (water quality light will turn red).

For batteries equipped with Millennium Plus+ or Pro-Fill systems (SPW system must have BA-QDV-500 or BA-QDV-505 Quick coupler.)
